- Managed cyber security risks through 3rd party IT support.

Projects

Courier Service Website Redesign

- Redesigned a courier service website, improving its user interface and user experience.
- Implemented a modern and responsive design using HTML, CSS, and JavaScript.
- Incorporated frontend tools such as Bootstrap and jQuery for enhanced functionality and styling.

Netflix Website Redesign

- Redesigned the Netflix website to create a more engaging and visually appealing user interface.
- Leveraged frontend frameworks like Bootstrap and React.js to enhance development efficiency and maintainability.
- Utilized HTML, CSS, and JavaScript to implement the redesign, focusing on responsive design and interactive elements.

Meme Generator Application

- Developed a meme generator application that allows users to create and share custom memes.
- Implemented the frontend using HTML, CSS, and JavaScript, and utilized React.js for dynamic rendering.
- Integrated image uploading and text overlay functionality for meme creation.

Education

Coventry University Organisational Psychology	2023
CodeCademy Front-end Web Development	2020
Natonal Open University PGDip Information Technology	2018

Skills

- Frontend Development: HTML, CSS, JavaScript
- Frameworks and Libraries: React.js, Tailwind CSS, Bootstrap
- UI/UX Design: Figma, Adobe XD
- Responsive Design
- Cross-browser Compatibility
- Version Control: Git, GitHub
- Performance Optimization
- Communication Skills
- Teamwork

Tools

- Visual Studio Code
- Git and GitHub
- Bootstrap
- CSS
- React
- Figma
- Adobe Photoshop

Interests

- Sports
- Gaming
- Traveling
- Hangout
- Photography
- Music
